FOREWORD

The School Board declares it to be the policy of this Corporation to provide an equal opportunity for all students, regardless of race, color, creed, disability and handicapping condition, religion, gender, ancestry, age, national origin (including limited English proficiency), place of residence within the boundaries of the Corporation, social or economic background, or as mandated by Federal and State regulations, to learn through the curriculum offered in this Corporation. This handbook is intended as a guide and does not propose to cover all phases of school life at Alexandria Community Schools. It is hoped that the information presented here will increase your knowledge of the ideals, traditions, and activities of your school. Additional information that may be specific to each building will be provided to those families during registration and throughout the school year. Should you have any questions, concerns, or comments we encourage you to contact your student's principal at any time. Complete copies can be located in the administrative offices of each building principal, the superintendent, or on the school's website at <http://www.alex.k12.in.us> found under NEOLA.

EQUAL OPPORTUNITY STATEMENT

The School Board declares it to be the policy of this Corporation to provide an equal opportunity for all students, regardless of race, genetic information, color, creed, disability and handicapping condition, religion, gender, ancestry, age, national origin (including limited English proficiency), place of residence within the boundaries of the Corporation, social or economic background, or as mandated by Federal and State regulations, to learn through the curriculum offered in this Corporation.

VISION STATEMENT

In Alexandria, students come first. Every student learns and is supported to achieve individual successes throughout the student's school year. Our schools create an atmosphere that encourages the joy of learning and promotes positive citizenship. The students, staff, parents, and community of Alexandria work together to help each child build a solid foundation of essential, critical, and creative thinking skills.

CORPORATION POLICIES AND PROCEDURES

PESTICIDE NOTIFICATION REGISTRY

Indiana Law requires the establishment of a notification registry for parents who would like to stay informed about the application of pesticides on school property. If you would like to be notified when pesticides are to be applied at school and what type of pesticides are being applied, please contact your building principal or the school corporation's maintenance department.

ASBESTOS

In compliance with the US Environmental Protection Agency (EPA) Asbestos Hazard Emergency Response Act (AHERA), Alexandria Community School Corporation has conducted inspections in each of our school buildings for the purpose of identifying building materials containing asbestos. The EPA requires school districts to perform periodic surveillance of asbestos materials every six months. The EPA requires school districts to have asbestos materials re-inspected by an accredited asbestos inspector or management planner every three years. The results of the periodic surveillance and re-inspections are on file in our Maintenance Department.

PARENT TO SCHOOL COMMUNICATION PROCESS

We believe that our Alexandria families and schools are important and necessary partners in the education of each student. We encourage open lines of communication between the student's parents/guardians and the school. Regrettably, problems, or concerns do develop within the educational arena. Parents/Guardians are encouraged to work first with teachers, and then building level administrators, and finally the superintendent, giving each level ample time to assess, take action and hopefully resolve the concern at their level. Our hopes are to resolve the issues as early in the process as possible to ensure quick and responsive attention to the educational issues. If the problem or concern cannot be resolved by using the teachers, administrators, or superintendent, then the parent may choose to call members of our school board.

SCHOOL CALENDAR AND CLOSING POLICY

The School Calendar will be distributed on the first day of school and is located on the school's website at <http://www.alex.k12.in.us>. The school calendar is subject to revision as required by unanticipated circumstances. Your local radio and television stations are the best sources of information in case of school delays and/or closings. Please do not call the superintendent or building principals as you may tie up their telephones and prevent the proper notification to radio stations, bus drivers, and other personnel. Early morning closing announcements will be made as soon as possible. Radio and television stations will also be notified of unscheduled closing necessitated during the regular school day. **Parents who are not at home during the regular school day for such emergency situations should have pre-arranged plans.** Your children should have someplace to go in case of an emergency or early closing of schools. Students' instructional days will be rescheduled when necessary to meet the minimum required by Indiana Code. The school board shall determine when lost student instructional days shall be rescheduled. The last day of school, as well as graduation, is tentative and subject to change.

SCHOOL DIRECTORY

The School Directory is located on the school's website at <http://alexandriacsc.alex.k12.in.us>.

VIDEO SURVEILLANCE

The Board of School Trustees authorizes the use of school video surveillance on corporation property to assist in protecting the health, welfare, and safety of all students, staff, and visitors. Video cameras may be used in locations deemed appropriate by the superintendent or his/her designee. Recorded information from surveillance cameras showing identifiable students will be treated as an "education record" and will not be produced outside of the corporation except pursuant to a subpoena, court order, or release in accordance with the Family Educational Rights and Privacy Act.

FREE/REDUCED MEAL –TEXTBOOK ASSISTANCE PROGRAM

Students whose families meet the requirements for free or reduced meals and textbook assistance fees must file an application in the school principal's office for approval. Families who qualify for free and reduced lunch will receive relief from textbook rentals but must pay student fees.

SCHOOL FEES

Fees that are unpaid after the conclusion of the first grading period may be turned over to the school attorney or other authorized persons for collection. Court costs and/or collection fees may be added if necessary. Parents who are unable to pay the fees by the due date should make prior arrangements to pay on an

installment plan. Payments of this kind must be set up with the principal or his/ her designee. Parents of students who have been approved for free lunches (based on federal/state guidelines) will receive free workbooks and textbook rentals ONLY provided that the appropriate applications are completed. Parents are responsible for all fees other than workbooks and/or textbook rentals. Students who transfer into our corporation must pay an amount calculated to the nearest 25% of student fees based on the time of their enrollment. They will also be responsible for the full cost of any required consumable workbooks or materials. Students who withdraw from school to enroll in another school corporation will receive a refund of the unused fees based on the percentage of time they were enrolled in our corporation. This amount will be calculated to the nearest 25%.

APPROPRIATE GRADE PLACEMENT POLICY: HOME SCHOOLED or NON-ACCREDITED SCHOOL CHILDREN ENTERING OR RE-ENTERING THE CORPORATION

The Alexandria Community School Corporation has both the right and responsibility to assess the academic status of the child initially entering or re-entering the school corporation. This is done in order to make a determination of the student’s placement in the school corporation’s program that can most likely assure the proper continuation of the student’s educational growth. School officials shall place students in the most appropriate grade level if the student is requesting enrollment in the Alexandria Community School Corporation after attending a nonpublic, non-accredited, and/or home school. This policy will also apply to students who enter our corporation from another accredited school, but who may have been placed, in the opinion of school personnel, at an inappropriate grade level based on their age or academic ability.

CUSTODIAL AND NON-CUSTODIAL PARENTS’ RIGHTS AND RESPONSIBILITIES

A. When parents of a student are estranged, separated, or divorced, building personnel will uphold the parent’s rights.

- 1. Both parents, custodial and/or non-custodial have the right to:
 - A. View the child’s school records;
 - B. Receive school progress reports;
 - C. Visit the child briefly at school;
 - D. Participate in parent-teacher conferences;
 - E. Transport the child to and from school.

2. The only exception to the above rights is when a court order is presented to the school that restricts any of the above-listed rights of either parent/guardian.

B. Parent Responsibilities

- 1. The custodial parent has the responsibility to:
 - A. Keep the school office informed as to the address of residence and how he/she may be contacted at all times.
 - B. Provide a copy of any legal document restricting the rights of the non-custodial parent.

2. The non-custodial parent is to inform the school office of a phone number and an address where he/she may be contacted.

STUDENT RECORDS POLICY

Notice to Parents and Students of Their Rights Concerning Education Records: Federal law and regulation govern education records. The requirements of these laws and regulations are contained in school board policy entitled Student Records. Generally, this policy provides for the following:

A. Records are confidential and may be disclosed only as provided in the policy.

B. The policy concerns both elementary and secondary student education records.

C. Parents have a right to examine their child's records at reasonable times if the child is less than 18 years of age and not attending a post-secondary institution or if the child is a dependent student as defined by Section 152 of the Internal Revenue Code.

D. Students have a right to examine their records at reasonable times.

E. Before education records are disclosed to third parties, the school requires a signed and dated written consent of (a) a parent of a student who is less than 18 years of age and not attending a post-secondary educational institution, or (b) a student who is at least 18 years of age or attending a post-secondary institution.

F. Certain persons may examine education records without a parent's or student's consent as provided in the above paragraph. These include school officials (who have legitimate educational interests) and officials of another school, school system, or institution of post-secondary education where the student seeks or intends to enroll. This school corporation forwards education records to another school corporation, school system, or institution of post-secondary education where the student seeks or intends to enroll without prior notification to the parent or student.

G. Directory information will be released to media organizations (including radio, television, and newspapers), colleges, civic or school-related organizations, and state or local government agencies without the consent of parent or student as provided in paragraph E above. Directory information includes the student's name, address, parent home and work telephone number, major field of study, participation in officially recognized activities and sports, height and weight of members of athletic teams, dates of attendance, awards received, motor vehicle description (including license plate number), hair and eye color, race, sex, date of birth, height, weight, grade level, and other similar information which would not generally be considered harmful or an invasion of privacy if disclosed. A parent of a student less than 18 years of age or a student who is at least 18 years of age may object to the disclosure of any of the categories of directory information by filing form "83330 F1" (Denial of Permission to Release Certain Directory Information Without Prior Written Consent) from the principal's office no later than 14 calendar days from the beginning of the school year.

IMMUNIZATION POLICY

The School Board requires that all students be properly immunized against whooping cough, poliomyelitis, measles, diphtheria, rubella (German measles), tetanus, mumps, hepatitis B, and other communicable diseases designated the State Board of Health. The Superintendent shall require parents to furnish to their child's school, no later than the first day of school after enrollment, a written statement of the child's immunization accompanied by a physician's certificate or other

documentation. Students whose parents do not provide the required documentation by the opening day of school may be admitted to school provided the documentation is received within twenty (20) days and is in accord with the Superintendent’s administrative twenty (20) day period. The Superintendent shall commence exclusion proceedings unless the parents have filed a religious objection or submitted a physician’s statement that the needed immunizations are contraindicated. Exemptions to the immunization requirements shall be granted if verified medical, religious, or other reasons allowed by Indiana State law are presented to the Superintendent.

USE OF MEDICATIONS

Alexandria Community Schools shall not be responsible for the diagnosis and treatment of student illness. The administration of prescribed medication and/or medically-prescribed treatments to a student during school hours will be permitted only when failure to do so would jeopardize the health of the student, the student would not be able to attend school if the medication or treatment were not made available during school hours or the child is disabled and requires medication to benefit from his/her educational program. For

the purposes of this policy, "medication" shall include all medicines including those prescribed by a physician and any non-prescribed (over-the-counter) drugs, preparations, and/or remedies. "Treatment" refers both to the manner in which a medication is administered and to health-care procedures that require special training, such as catheterization. Before any medication or treatment may be administered by school personnel to any student during school hours, the Superintendent shall require the written prescription from the child's physician for all prescription drugs accompanied by the written authorization of the parent. In the case of non-prescription drugs, preparations, or remedies, written authorization from the parent must be on file prior to administration of the treatment. These documents shall be kept in a secure location at that child's school. No student is allowed to provide or sell any type of over-the-counter medication to another student. Violation of this rule will be considered violations of Policy 5530-Drug Prevention and of the Student Code of Conduct.

A. All medications, prescription, and/or non-prescription, that is to be taken at school must have a written permission slip with the student's full name, the date, and the parent or guardian's signature. The parent or legal guardian must provide and transport all medication to and from school.

B. Written consent is valid only for the period specified on the consent form, and in no case longer than the current school program year.

C. All prescription medication must be brought to school in the original container with a pharmacy label giving the student's name, the name of the medication, and the dose and frequency of the medication.

D. All non-prescription medication (Tylenol, aspirin, etc.,) must be in a new and original container with the student's name clearly marked on it. The container must be sealed.

E. All medications must be maintained in a secure location at school and will be administered only by authorized school personnel. A list of school personnel authorized to administer medication will be maintained by the school and posted in the school office.

F. The school principal will assign staff to be responsible for the prescribed administration of medication. If a student fails to come for the medication at the scheduled time, the staff will locate the student and see that the medication is taken.

G. School personnel will record the administration of medication to students on the appropriate school form.

H. If the medication is to be terminated prior to the prescription, the written and dated consent or withdrawal of the consent of the parent or guardian is required.

I. All unclaimed medication will be disposed of at the end of each school year.

J. It is the parent's responsibility to:

1. see that medication is safely and securely brought to and from the school office;
2. check that the appropriate dosage and supply of medicine is provided to the school for the prescribed time;
3. clearly communicate with school officials in writing of any changes in the medication type

dosage, and/or administration procedures.

EMERGENCY MEDICAL AUTHORIZATION

The Corporation will distribute Emergency Medical Authorization Forms to parents/ guardians of all students. The form will be maintained in a separate, secure, and easily accessible file in each school building during the school year. In the event of an emergency when medical treatment for a student is necessary, the Corporation will make every attempt to adhere to the instructions on the authorization form. In the absence of specific medical instructions and/or parents or guardians, the school will take steps deemed necessary to safeguard the health and welfare of the student in the event of an emergency. The parent/ guardian is responsible for updating the information during the school year should it be necessary.

SCHOOL/CLASSROOMS VISITORS

The school encourages parents/guardians to be a part of their child's education. With the exception of school personnel and invited guests, only immediate family members may observe, visit, or participate in their student's class and/or activities, **with the exception of recess**. All visits must be pre-arranged with the knowledge and consent of your student's building principal. For the safety of all school personnel and students, visitors are asked to sign in and wear an identification badge.

CLASS TRIPS & EXTRA-CURRICULAR PARTICIPATION

Participation in field trips and extra-curricular events is considered a privilege. Students who have either been suspended or who have had multiple disciplinary referrals may not be allowed to participate in any of the aforementioned activities. Participation will be at the discretion of the school principal. Sixth-grade students who attend AMES are given the opportunity to participate in athletics. Athletics at AMES include:

1. Fall- boys and girls cross country and girls volleyball,
2. Winter- boys and girls basketball and boys wrestling, and
3. Spring- boys and girls track.

Students must have a physical on file with the school in order to participate. Students who have an F on their report card will be ineligible to try out for a team or will be removed from the team if the season has begun.

TELEPHONE USE

A courtesy phone is available for students in each building. Students will not be allowed to call out or receive messages during class time except in the event of an emergency. Students must obtain permission from school personnel before using a school phone. Students may use a phone in cases of emergency if a practice or an event has been canceled, or the student needs necessary medication.

EMERGENCY DRILLS

The principal or his/her designee will conduct, as necessary and mandated by Indiana regulations,

emergency drills to prepare students on the proper procedures to be followed in the event of a real emergency. The students are to acquaint themselves with the various alert tones, announcements and necessary actions to be taken. Students are to follow the directives of school personnel in a quiet, calm, and efficient manner.

PROMOTION, PLACEMENT, AND RETENTION (Kindergarten – 6th Grade)

The school board recognizes that the personal, social, physical, and educational growth of children will vary and that they should be placed in the educational setting most appropriate to their needs at the various stages of their growth. It shall be the policy of the Board that each student is moved forward in a continuous pattern of achievement and growth that is in harmony with their own development. Such patterns should coincide with the system of grade levels established by this Board and the instructional objectives established for each. Our purpose for establishing the following guidelines is to help ensure that all students succeed. The decision to promote or retain a student will be based on the following conditions.

- A. The student will maintain at least a 95% attendance rate in accordance with Indiana State law.
- B. The student passes IREAD (grade 3) and both sections of ILEARN (grades 3 – 6)
- C. The student shows gains on corporation/building adopted benchmark tests
- D. The student maintains passing grades for each semester.

Each Principal or designee will convene a committee to identify those students experiencing difficulty in successfully achieving any of the above conditions. The Principal or designee will contact the student's parents/guardian in order to work with the committee to develop a plan for academic success and promotion to the next grade. The committee will determine if the student has successfully completed the necessary requirements to be moved forward to the next grade. If the recommendation is unclear, the matter will be determined by the building principal. No student who has completed a grade successfully shall be retained or allowed to repeat a grade in order to improve the student's ability or lengthen the student's eligibility to participate in extracurricular athletic programs. A student enrolled in special education shall be promoted or retained based on the opinion of the Case Conference and the student's I.E.P. A student, who has been homeschooled and is enrolling in ACSC, may be given a series of assessments to determine the appropriate grade placement. Parents should also provide all appropriate records that would indicate the student's academic progress in the homeschooling environment.

CORPORATION ATTENDANCE POLICIES

COMPULSORY EDUCATION LAW

In accordance with Indiana State law, parents of children who will be 7 (seven) years old during the school year must enroll their child in the fall term of that school year. Parents who want to enroll their child in a nonpublic, non-accredited school or who intend to educate their child equivalent to public school (home school) must certify their intent to the local superintendent.

LEGAL RESIDENCE AND GUARDIANSHIP

Students attending Alexandria Community Schools must reside with either their legal parent or guardian. A guardianship designed solely for educational and/or athletic purposes will not be accepted for attendance in the Alexandria Community Schools. A student may be expelled from school if their legal settlement is not in

the attendance area of the school corporation. Any student attempting to enroll in Alexandria Community School Corporation while expelled or in the process of being expelled from another school corporation will be denied enrollment in accordance with the terms and dates of the expulsion.

SCHOOL ATTENDANCE AREAS

It is the parent/guardian's responsibility to immediately notify the school when their student/family has moved outside the school attendance area. At that time, the student should transfer to the school in the attendance area/corporation of their new legal residence. When a student's legal settlement changes after the student has begun attending school in our corporation, the effective date of change may, at the discretion of the parent/ guardian be extended until the end of that semester, or at the discretion of school officials, until the end of that school year as a cash transfer tuition student. If a student moves out of the district after completing their junior year, they may attend Alexandria-Monroe High School their senior year tuition-free. Parents/guardians of students no longer residing within the Alexandria Community School Corporation are responsible for providing their own transportation to the school where continued enrollment is approved. The School Board reserves the right to adjust district lines as necessary.

ATTENDANCE POLICY

The Compulsory School Attendance Law- I.C. 20-33-2 requires students who will be the age of 7 (seven) years old during the school year until the age of at least 18 (eighteen) years old shall be in attendance the number of days public schools are in session. Regular school attendance and punctuality are important to successful achievement in school. Parental help is solicited in achieving good attendance habits. Securing an education is the most important accomplishment of any young person. It offers a person greater opportunities for personal satisfaction and financial success. An educated citizen enriches and benefits our community, state, and nation. Therefore, once a pupil has enrolled in this school, his/her first duty is to be present every day possible. According to Indiana law, the local school corporation has the power to establish rules and policies in regard to absences from school. A student who is considered chronically absent or is excessively absent will be subject to disciplinary action. Indiana code defines a student who is chronically absent, as having unexcused absences from school for more than ten (10) days in one (1) school year. A student who has a combination of 15 (fifteen) excused or unexcused absences in one (1) school year is considered excessively absent. These include full and half-day absences. At the point a student has been placed on an attendance contract for being either chronically or habitually absent, the school will require a doctor's note to verify absence from school. Failure to provide a doctor's note will result in consequences as stipulated in the attendance contract. A parent or guardian who fails to follow the law is subject to verbal or written notification of charges possibly being filed with the Madison County Prosecutor's Office.

CONSEQUENCES:

HABITUALLY TRUANT/CHRONIC ABSENCES

1. 5 unexcused absences- letter mailed.
2. 7 unexcused absences- home visitation or phone notification stating that parent's attendance at an attendance contract meeting is necessary. A signed release of information will be required at this time.
3. 10 unexcused absences- student(s) placed on attendance contract, and written notification by

certified mail or personal delivery that educational neglect charges may soon be filed.

EXCESSIVE ABSENCES

1. 8 absences- letter mailed.

2. 11 absences- home visitation or phone notification stating that parent's attendance at an attendance contract meeting is necessary. A signed release of information will be required at this time.

3. 15 absences- student placed on attendance contract, and written notification by certified mail or personal delivery that educational neglect charges may soon be filed.

EXCUSED ABSENCES

A. Illness

B. Death of a sibling, parent, step-parent or grandparent

C. Medical appointment

D. Exhibiting for 4-H at the State Fair

E. Incarcerations

VERIFICATION OF EXCUSED ABSENCES

A. The student's parent or guardian is responsible for contacting the child's school by 8:30 a.m. on the day of each absence.

B. Failure to contact the school may result in the absence being considered unexcused.

C. Parents will be notified via our School Reach automated phone system if we do not receive notification from the parents of an excused absence. Therefore, it is very important that students and parents keep the school advised of any changes to their demographics.

EARLY SIGN-OUT PROCEDURE

Occasionally a student may need to leave school before regular dismissal time due to an appointment or a family emergency. Please follow the procedures listed below:

A. If it is possible to report to school before the appointment if even for only a short time, you should do so.

B. After being dated and signed in the office, the note must be signed by your teachers for the classes from which you will be absent. It is your responsibility to be certain that you are aware of your assignments for the next day.

C. If you are to ride with someone other than your parents, it must be indicated on your note. Also, a phone number should be listed where one of your parents may be reached to verify the early dismissal.

D. If the reason for the early release is to visit a doctor or dentist, you should bring a statement from that office to verify your visit.

E. Students are not to leave school without permission. Any student who does leave without permission will be considered truant and will be penalized accordingly.

MAKE UP WORK POLICY

It is the student's responsibility to contact their teacher(s) to arrange for the make up of all missed work. Students will be allowed to complete all schoolwork assigned or completed during an absence from school. Students will be allowed one day to complete their makeup work for each day of the absence.

ARRIVING AND DISMISSAL FROM SCHOOL BUILDINGS OR GROUNDS

Students may not enter their school building prior to 7:20 a.m. unless enrolled in a before school care program. Students must leave their buildings within 15 minutes of dismissal unless supervised by a coach, teacher, or sponsor of approved activity. Students are not allowed to leave the building or grounds without permission once they enter the building. In order for a student to be dismissed from school, parents must contact the attendance office by phone or provide a written note. Notes may be verified before a student is released. All students must sign out in the attendance office. Any student who leaves without permission or does not properly sign out will be considered truant.

TRUANCY POLICY

Alexandria Community School Corporation defines truancy as the "willful refusal to attend school in defiance of parental authority." Therefore, any absence without the knowledge and approval of the parent will be considered truancy. Each day or part of a day that a student is absent without the knowledge and consent of the parent will be considered truancy. After the first truancy, the parent will be notified of the consequences of future truanies, and the student will be assigned to three days of In-School Detention. After the second truancy, the student will be placed in In-School Detention for five school days, and notification to juvenile probation will be initiated. A parent conference will be afforded and the parent will be notified of the consequences of future truancy. A student will be classified as a habitual truant at the third truancy, and a recommendation for expulsion will be made to the superintendent of schools. After a hearing officer has been appointed, a due process hearing has been afforded, and the expulsion request affirmed, the Indiana Bureau of Motor Vehicles will be notified that the student has been expelled or classified as a habitual truant.

HOMEWORK POLICY

Good schools and academically sound students are not products of teachers, school administrators, or school board members alone, but are representative of the entire community. Parents/guardians and teachers should be partners in the education of their students. The assigning and monitoring of a student's homework provides an excellent opportunity to strengthen this educational partnership. This premise serves as the basis for the adopted rule requiring all school corporations to have a written homework policy.

Homework should fulfill the following purposes or objectives:

- A. To review, reinforce, or extend classroom learning.
- B. To teach students responsibility and organization.
- C. To promote the wise and orderly use of time.
- D. To encourage opportunities for educational enrichment.
- E. Never be used as a punitive measure.

Each student has the responsibility to develop good work and study habits. The student should:

- A. Clarify with the teacher any questions pertaining to the teacher's instructions before leaving class. Clarify its purpose, when it is due, and how it should be done.
- B. Take home any material and information needed to complete the assignment.
- C. Learn to budget their time to accomplish their assigned work.
- D. Analyze their study habits and take advantage of available study help.
- E. With the aid of their parents:
 - 1. Set aside a special time in which to do the assignment.
 - 2. Find a place to do their work free from distraction.
 - 3. Organize their time so assignments can be completed in a reasonable length of time.
 - 4. Check the assignments for completion.

F. Return all completed work to the teacher by the date requested.

G. Make up all work missed due to absence from class A key factor in the effectiveness of a homework policy is home-school communications.

CORPORATION DISCIPLINE POLICIES

STUDENT DISCIPLINE POLICY

A portion of the responsibility for the development and enforcement of regulations for the protection of the rights of individuals is delegated by the Board of School Trustees to responsible officials within the School Corporation. The purpose of discipline controls is to help create an atmosphere that promotes the best possible learning environment for all those involved in the educational process. However, in the absence of self-discipline, the superintendent, principal, any administrative personnel, or any teacher of the School Corporation is authorized to take certain actions, reasonably necessary to help any student, to further school purposes, or to prevent interference with the educational process. Students must follow responsible directions of school personnel in all educational settings and refrain from disruptive behavior that interferes with the educational environment. This applies to a teacher or other school staff member who has students under their supervision. They may take any action that is necessary to carry out or to prevent interference with an educational function that the person supervises. 1. Evidence of a violation of the student standards of conduct contained in the student handbook or state law.
2. Anything because of its presence could present a danger of physical harm or illness to any person.

The principal, or another member of the staff acting in his/her absence, may search the person of a student during a school activity if the principal or staff member has reasonable cause for a search of that student. Searches of the person of the student shall be limited to:

METAL DETECTOR SEARCH

Metal detectors may be used at schools and school-related functions of such schools on a random and periodic basis. If a student refuses to cooperate with the search, the staff member is to notify the administration. Students shall be subject to disciplinary actions.

B. An expulsion will not take place until the student and the student's parent are asked to appear at an expulsion meeting conducted by the superintendent or the person designated above. Failure by a student

or a student's parent to appear at this meeting will be deemed a waiver of rights to contest the expulsion.

C. The request to appear at the expulsion meeting will be in writing, delivered by certified mail, or by personal delivery, and contain the reasons for the expulsion and the date, time, place, and purpose of the meeting.

D. At the expulsion meeting, the principal (or designee), will present evidence to support the charges against the student. The student or parent will have the opportunity to answer the charges against the student, and to present evidence to support the student's position.

F. The decision of the expulsion examiner may be appealed through the appropriate Madison County court.

SUSPENDED OR EXPELLED STUDENTS

Students who have been suspended or expelled from school are prohibited on school property at any time during the period of suspension or expulsion. This includes, but is not limited to, any school-related functions, and/or extra-curricular activities including athletics. Students violating this policy may be considered as trespassing on school property and be subject to arrest and prosecution. Students who are expelled from school or suspended for a second time will be reported to the Department of Motor Vehicles. **At the parent's request assignments will be provided for students who have been suspended from school. Education: All students may be required to attend informational sessions on the meaning of bullying and the possible repercussions of partaking in such activity.

Any attempt by a student to harass or intimidate school personnel or officials on or off school property may be punishable by suspension or expulsion. Harassment includes, but is not limited to, phone calls or written/verbal communications. ELECTRONIC COMMUNICATION/RECORDING DEVICES AND PERSONAL PROPERTY

Students are discouraged from possessing cell phones and other electronic communication device (ECD) such as pagers, personal digital assistants (PDAs), iPods, MP3s, electronic games, and other devices designed to receive and send an electronic signal or play and/or record video/audio material on school property and vehicles. All such devices must be turned off during the school day and are to be placed in a secure location. The use of audio and/or video recording devices, including cameras, is not permitted inside any school building without the consent of the building principal. Cell phones and ECDs may be used in the following circumstances after the student obtains approval from the building principal:

- The student has a special medical circumstance (e.g., an ill family member, or his/her own special medical condition)
- The student is using an aforementioned device for an educational or instructional purpose with the teacher's permission and supervision.

Possession of a cell phone or other ECD by a student is a privilege, which may be forfeited by any student who fails to abide by the terms of this policy, or otherwise engages in misuse of this privilege.

Violations of this policy may result in disciplinary action and/or confiscation of the cell phone, ECD, or recording device. The building principal may also contact law enforcement if the violation involves illegal activity.

The student who possesses a cell phone or ECD is responsible for its care. The school is not responsible for theft, loss, damage, or vandalism of personal property.

Parents/Guardians are advised that the best way to get in touch with their child during the school day is by calling the school office and leaving a message.

NOTICE TO STUDENTS AND PARENTS REGARDING CELL PHONE CONTENT AND DISPLAY

The Child Abuse/Neglect Law requires school personnel to report to law enforcement or child protective services whenever there is reason to believe that any person/student is involved with "Child exploitation" or "child pornography" as defined by Indiana Criminal Statute.

It is "child exploitation", a Class D felony under I.C. 35-42-4-4(b), for any person/student (1) to exhibit, photograph or create a digitized image of any incident that includes "sexual conduct" by a child under that age or 18; or (2) to disseminate, exhibit to another person, or offer to so disseminate or exhibit, matter that depicts or describes "sexual conduct" by a child under the age of 18.

It is "child pornography", a Class D felony under I.C.35-42-4-4(c), for any person/student to possess a

photograph, motion picture, digitized image, or any pictorial representation that depicts or describes “sexual conduct” by a child who the person knows is less than 16 years of age or who appears less than age 16.

“Sexual conduct” is defined by I.C. 35-42-4-4(a) to include sexual intercourse, exhibition of the uncovered genitals intended to satisfy or arouse the sexual desires of any person, or any fondling or touching of a child by another person or of another person by a child intended to arouse or satisfy the sexual desires of the child or other person.

The Indiana Sex Offender Registration Statute and I.C. 11-8-8-7 and the Sex Offender Registry Office Statute at I.C. 35-42-4-11, as of May 2009, requires persons convicted of or adjudicated as a juvenile delinquent for violating the Child Exploitation Statute at I.C. 35-42-4-4(b) to register as a sex offender.

Because student cell phones have been found in a number of Indiana school districts to have contained evidence of “sexual conduct” as defined above, it is important for parents and students to be aware of the legal consequences should this occur in our school system.

COMPUTER TAMPERING

It is a criminal act under Indiana law to access a computer system or to damage or alter a computer program or computer data without the consent of the computer owner. Therefore, any school personnel or a student who is suspected of tampering with or trespassing on any of the school corporation's computers, computer programs, computer systems, or computer networks without authorization will be immediately suspended from employment or school pending investigation by school administrators. Suspected violators of this rule will be subjected to the staff and student disciplinary procedures.
